GOD COMPLEX SIGN TO SHARPTONE RECORDS

BAND RETURNS WITH NEW SINGLE AND VIDEO "SALT AND ASH" — [WATCH](#)

Beloved UK metal band **GOD COMPLEX** have returned with their vicious new single "**Salt and Ash**" and announced their signing to **SharpTone Records**.

On signing to their new label, the band comment:

"We're thrilled to be working with SharpTone on this release. We have longstanding friendships with other bands on the label and have always been impressed with their vision and the support they've extended to our peers. We're humbled to be part of such an amazing roster of artists and elated to start this new chapter for the band."

On their new single, the band continue:

"Salt and Ash begins with a reprise of the melody from Worthy Host that closed the album. We wanted to show that in one sense we're picking up exactly where we left off and to tie the new songs to what came before. It was important that we respect our previous body of work but demonstrate that we're not content to rest on our laurels and retread old ground, which is why the song immediately veers into absolute chaos. The title Salt and Ash evokes a terminus, the emptiness left behind when everything has been destroyed."
