PAN-AMERICAN POST-ROCK COLLECTIVE YOU, INFINITE SHARE NEW SINGLE "SHINE ETERNAL" — [LISTEN](#)

SONG IS TAKEN FROM *SELF TITLED* DEBUT FULL-LENGTH SET FOR FEBRUARY RELEASE

**You, infinite**, the new project from **This Will Destroy You** founding members, have shared new single "**Shine Eternal**" from their self-titled debut full-length due February 28, 2025 through Berlin's **Pelagic Records**.

you, infinite reunites **Jeremy Galindo** and **Raymond Brown**, founders of acclaimed instrumental outfit **This Will Destroy You**, in a new collaborative project. After departing TWDY to pursue a career in medicine, Brown continued to write music while establishing a successful practice in Austin, Texas. During the pandemic, he accumulated a collection of melodies and ideas which he shared with Galindo, sparking a renewed creative partnership. Separated by distance, with Galindo in Los Angeles and Brown in Austin, the duo began to exchange ideas digitally in order to shape the foundations of you, infinite's electronic-edged, panoramic post-rock sound.

Between 2021 and 2024, the two came together in person to refine the pieces and ultimately to finalize the album. Working with **Andrew Hernandez**, who recorded and mixed the album in the summer of 2024, Brown and Galindo were joined by

**Johnnie McBryde, Ethan Billips, and Nicholas Huft**, all current members of Galindo's TWDY lineup, in order to truly bring the album to life.

A simple, sparkling guitar refrain rises to full anthemic splendour in "**Shine Eternal**," the latest single from you, infinite's debut full-length. The new project from founding members of shoegaze pioneers **This Will Destroy You**, "Shine Eternal" serves as proof of the indelible bond between Jeremy Galindo and Raymond Brown; the breathtaking result of a unique creative friendship newly reunited.

A modern successor to TWDY's own seminal S/T release, *you, infinite* is a reflection on over 15 years of growth and experience, both as bandmates together and as friends apart. A reimagined and reinvigorated approach to the sound they once pioneered, as you, infinite Galindo and Brown are charting a new course across a familiar yet altogether different landscape; honouring their past whilst boldly forging ahead into places unknown.

*you, infinite* is due to be released on the February 28. Pre-order it [here](#).
