BEHEMOTH UNLEASH VIDEO FOR NEW SINGLE "THE SHADOW ELITE" —
[WATCH](#)

NEW ALBUM *THE SHIT OV GOD* OUT MAY 9

Following the announcement of their new album, *The Shit Ov God*, **BEHEMOTH** have unleashed their latest single, "The Shadow Elite," alongside a gripping music video.

On an exclusive invite-only basis, the band's legionnaires gathered at a secret location for a raw, primal live performance. Branded and tattooed with Behemoth's sigils, the band's most dedicated fans, known as "The Shadow Elite," form a chaotic scene as the band performs from within a cage.

Marking Ash Wednesday in true Behemoth fashion, "The Shadow Elite" channels their early roots with relentless blast beats and searing tremolo riffs, a ferocious testament to their signature sound.

NERGAL commented, "'The Shadow Elite' is the second single and the opening track from our thirteenth album, *The Shit ov God*. A raw, high-energy anthem with a relentless drive — a banger built for the stage!"

He continues, "Lyrically, it's a call to arms — a fearless battle cry for outcasts, anarchists, and free minds to rise. We will not be silenced. It's about uniting and summoning the courage to embrace and amplify the fire of freedom that burns within us!"

Don't forget to catch Behemoth live on their "**Unholy Trinity**" headline tour with **Satyricon** and **Rotting Christ**. All dates and ticket info at the bottom.
