

Today, multiplatinum artist and producer **elijah woods** returns with his new single, "[Could You Love Me?](#)"

a high-energy anthem that sets the tone for what promises to be another landmark year.

Coming off a whirlwind 2024—marked by the release of three EPs, a coveted opening slot for Niall Horan, and a **sold-out Asia tour**—elijah woods is showing no signs of slowing down. With **over 1 billion streams** to his name and another Asia tour lined up for this summer, he continues to solidify his place as one of pop's most dynamic and exciting voices. His undeniable momentum also earned him a coveted spot on **Amazon Music Canada's 'Artists to Watch' list for 2025**.

elijah woods' latest single, "**Could You Love Me?**" dives into the heartbreak of loving someone who only thinks of themselves. Pairing introspective lyricism with his signature infectious production, the track pulses with raw, unfiltered emotion. From the very first beat, it builds a sense of urgency and anticipation, drawing listeners into a captivating whirlwind of longing and heartache.

Born in Ottawa and now based in Los Angeles, elijah woods has carved out a unique space in the pop landscape as a multi-faceted artist, singer, songwriter, and producer. Known for his irresistible melodies, vivid storytelling, and crisp production, he has established himself as both a captivating solo act and a sought-after collaborator.

With multiple platinum and gold records and four JUNO Award nominations, woods' ascent as an independent artist has been nothing short of remarkable. Over the past three years, he has released an astonishing five EPs and a string of successful singles—including 'Elijah Would!', 'Hey There Elijah,' and 'silver lining,' all of which dropped in 2024 alone. His work ethic and artistic vision continue to set him apart as one of pop's most exciting stars.

With a dedicated global fanbase and an ever-expanding musical repertoire, elijah woods is poised for another massive year—and “Could You Love Me?” is just the beginning.
