NEW ALBUM *SONDER* OUT NOW

LOSS BECOMES — Brian Tsao, guitar; Will Gomez, bass; Anthony Copozzi, vocals; Anthony Lopardo, guitars; Sean Ageman, drums — released their new album ***SONDER*** on January 21. Get the album, released digitally via The Orchard, [here](#).

The band just dropped a live video for the song "**Tell Me.**"

Watch it [here](#).

"This song is definitely my favorite song to play live off of our new record *Sonder*," says Copozzi. "The negative spaces and push and pull during the song match the negative vibe to the lyrics so well in my honest opinion. It was so fun to write this one. It was originally written as a 'horror story' of sorts, but it turned into something more raw and personal for me." He continues, "Realizing you need to walk away from a 'car wreckage' style of a relationship is hard. Especially when it's a relationship you've been in for over 10 years. The guilt. The disappointment. The heartbreak. Being able to walk away from someone you loved takes time. But when you need to survive and move on you need to find the strength from within to get out of that 'horror story.'"

ABOUT LOSS BECOMES:

Hailing from Queens and Long Island New York, Loss Becomes are not your typical metal band. Guitarist, YouTuber, and Chef/Owner of Mission Sandwich Social, Brian Tsao, has put together a band like few others. Accompanied by long time friend Will "Doc" Gomez (Johnny Cage is a Fake, Tiger Flowers), Anthony Copozzi (Thracian), Anthony Lopardo (Westfall Recording Company), and Sean Ageman (Washed Up Media), Tsao and his bandmates have shaped Loss Becomes into a unique blend of metalcore with flashes of nu metal, hardcore thrash, and more. Having initially crafted their sound during the depths of the pandemic, Loss Becomes journey hasn't always been an easy one. After several years of hard work, the end product has been unleashed upon the world to critical acclaim. The music is unforgivingly aggressive with Anthony Copozzi's ferocious enthusiasm heard on every lyric, giving the band what can only be described as a full aural assault. Loss Becomes are hungry and are forgetting their manners. Having performed alongside such acts as Alien Weaponry, Darkest Hour, Dr.Acula, Dying Wish, Extinction AD, Moon Tooth, Norma Jean, Swollen Teeth, and more, the band is no stranger to the stage. Loss Becomes are ready and able to take on all challenges regardless of genre and deliver a crushing live set.
