NEW ENGLAND METAL & HARDCORE FESTIVAL RETURNS ON SEPTEMBER 20

LORNA SHORE TO HEADLINE STACKED LINEUP FEATURING CANNIBAL CORPSE, KUBLAI KHAN TX, THE BLACK DAHLIA MURDER, + MORE

New England Metal & Hardcore Festival returns on Saturday, September 20, 2025, at **The Palladium Outdoors in Worcester, MA.**

Launched in 1999, NEMHF became a cornerstone of the metal and hardcore scenes, hosting legends like Megadeth, Lamb Of God, Meshuggah, and more. After a triumphant return in 2023, the festival is set to once again bring the heat with a lineup that includes **Lorna Shore** as the headliner, alongside **Cannibal Corpse**, **Kublai Khan TX**, **The Black Dahlia Murder**, and a rare, historic final performance from **Bury Your Dead** featuring their classic lineup, including Matt Bruso, Mark Costello, Brendan "Slim" MacDonald, and Aaron "Bubble" Patrick.

Also on the bill are Drain, Sanguisugabogg, Municipal Waste, Madball, Full of Hell, and more.

"We've done this fest over a bunch of formats through the years — two days, three days, you name it," says co-founder **Scott Lee**. "This time, it's one day, but we didn't cut corners. This lineup is stacked from top to bottom. We're bringing you the best of the best. All gas, no brakes. Weeeeeeee."
